For more information and the link to the county website you can visit us at

www.mdsports.org or call us at (301) 581-0583

MD Sports Association's primary focus is the development of young athletes. We are a teaching organization. Having fun, learning and developing new skills, understanding teamwork and sportsmanship are of utmost importance to us. Our field hockey programs have been developed to promote the game of field hockey, to provide opportunities for girls to learn about the game, to develop their skills and to experience the joy of field hockey competition. All participants will receive a reversible jersey and a participation award. **The field hockey program is developed and run by MD Sports head coach Kristin Ramsey. Kristin is a varsity field hockey coach at Our Lady of Good Counsel High School. She has led the lady Falcons to two consecutive WCAC championships. She is a former University of Maryland standout field hockey player.**
